Contd. overleaf...

**Rules for WWW pages on IT Services Servers**

Publishing of material, which is pornographic, breaches copyright, and any other material, which can bring the University into disrepute, is prohibited.

The web pages may not be used for profit-making purposes or for publishing third party material. The pages are to be used as part of the function/operation of the University society.

Any material, which is published on the web pages, must not give the impression that it is published with the official sanction of the University.

All other IT Services Rules.

If there are any problems on what could and could not be published please e-mail [support@its.um.edu.mt](mailto:support@its.um.edu.mt)

**IT Services Account Agreement**

I, the undersigned, have read the IT Services Rules located at <http://www.its.um.edu.mt/rules.html> (or available on separate sheets on request), and agree to subject the Society to them. I assume full responsibility to ensure proper use of the Society e-mail account and web space. The Society will be responsible for keeping IT Services informed should the person responsible for this account change.
